ICNC Seminar

Friday, June 10, 2022

Aqua Turf

Keynote speaker:

Dr. Buffy Lloyd-Krejci

Infection Prevention and Control Consultant

She has more than 20 years of experience in healthcare and public health. Dr.Lloyd-Krejci approach is data driven, hands on and collaborative. As a result of her work with hundreds of nursing homes she wrote a book. Broken: How the Global Pandemic uncovered a nursing home in need of change and a heroic staff fighting for change. T read more information about her and her book, please go to her website:

www.doctorbuffy.com

Information about the seminar, registration and complete agenda will be posted on the ICNC website once details are finalized
